

## **HORIZON-MISS-2021-CANCER-02-03: Better understanding of the impact of risk factors and health determinants on the development and progression of cancer**

### **EXPERTISE OFFER — TASK LEAD, PARTNER**

#### **Researcher — Dr Tamás Barczikay**

Dr Tamás Barczikay is a research fellow at the Department for Government and Public Policy. His main areas of research are statistical analysis, public policy impact analysis and programming in the social sciences. He contributes primarily to the operation of the Institute of Political Science (PTI) with methodology related tasks. He is a member of the Comparative Agendas Project research group within the framework of PTI and has previously participated in EU-funded projects as a methodology expert. During 2018 and 2019, he received a scholarship from the New National Excellence Scholarship granted by the Hungarian Ministry of Innovation and Technology. Previously he held the Pallas Athéné Domus Scientiae Scholarship of the Central Bank of Hungary between 2015 and 2019.
